## WHAT WE DO

Connect researchers across different disciplines who are using and developing Home Cage Monitoring (HCM) systems, as well as companies, policy makers, producers

Compare the current state-of-the-art and determine future requirements for HCM systems

Establish communication channels and possibilities for knowledge transfer

## WHAT WE OFFER

Pan-European network of behavioural science experts using HCM systems

HCM information:

- Events at conferences, webinars and hands-on training
- A catalog of available HCM systems with standard operating procedures
- A broad review of available HCM systems, their comparison, limits and future requirements
- Grants for short term scientific missions, conference attendance

*...and much more!*

COST Action Teatime is supported by COST  
(European Cooperation in Science and Technology)
